Who Are You?

- How do you describe what you do to others?
- How would you describe what you do to your grandmother? Think in nontechnical terms.
- What do you do that your competition does not?

What Do You Do?

Who are you? How do you typically describe this to others?

Now rephrase the same description as if you are explaining this to your grandmother.

What do you do differently than your competitors?

Now read through the above answers and pull out the keywords.
